

# NUTRITION INVESTMENT SNAPSHOT: GABON

## SUMMARY TABLE

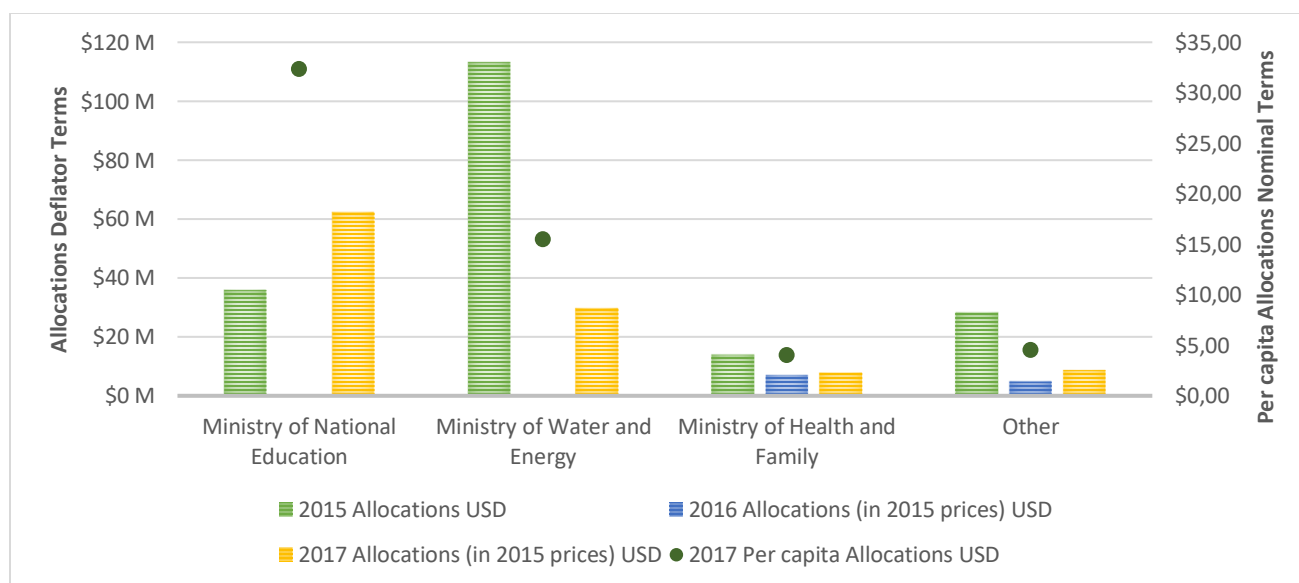

Gabon's budget analysis presented data by programme and within each programme, by economic classification (e.g. investments, good and services and transfers). This means that for each programme, there is more than one budget line. With this information, the 2018 budget analysis identifies 32 nutrition-relevant programmes

and 64 budget lines. The programmes are overseen by a total of twelve ministries, departments or agencies which allocated \$56.28 USD in 2017 (all estimates in USD).
