COUNTRY PRIORITIES 2023

Develop the 2024-2028 Multi-sectoral Nutrition Strategic Plan after review of the current plan; Collect up-to-date quality data; Finalise the network of academics; Integrate nutrition into roadmaps; Monitor N4G commitments

2022 SHARED COUNTRY GOOD PRACTICE

Topic: Advocating successfully for policies and funding

Title: Policy and funding advocacy

About: How to conduct effective advocacy to generate and maintain political interest in nutrition, and to increase investment in nutrition.

PROGRESS TOWARDS SUN 3.0 STRATEGIC OBJECTIVES (SO)

→ SO.1 Strengthen and sustain strong policy and advocacy environments

The structure responsible for coordinating nutrition is maintained at a high level of anchoring (prime minister's office) despite institutional changes.

→ SO.2 Develop and align shared country priorities for action

The Multisectoral Nutrition Strategic Plan is the reference for all nutrition stakeholders.

→ SO.3 Build and strengthen country capacity

Several research initiatives on the determinants of anaemia and growth retardation are underway or in preparation.

→ SO.4 Ensure governance of SUN that promotes country leadership and responsibilities of government, aligns the resources of all SUN Movement stakeholders behind country priorities and strengthens 360 mutual accountability

The Government of Senegal has created the National Nutrition Development Council (CNDN) to coordinate the implementation of the national nutrition development policy. Among other achievements in 2022, the CNDN obtained funding for studies on the determinants of anaemia in Senegal, and these studies are planned for 2023. The results will be used to design more effective interventions. Senegal has also obtained funding for several sectoral projects with a nutrition component (agriculture, health, education, etc.).
