

Process 1: Bringing people in the same space

Score each step: 0 (not applicable); 1 (started); 2 (on-going); 3 (nearly completed); 4 (completed)

STEP	FINAL PLATFORM SCORE (Morning Session)	Score for Government	Score for UN and Donor network	Score for CSO network	Score for Business network
1. Select/develop coordinating mechanisms at country level	3	2	2	3	3
<i>Explanations: What activities/interventions underly this scoring? (Copy post-its written during workshop)</i>	Available : Presidential decree 42/2013, document on policy framework, program planning, and organizational structure of technical team and working group	Available : Presidential decree 42/2013, document on policy framework, program planning, and organizational structure of technical team and working group	UN Country Network on Nutrition developed with TOR. Technical staff continue to provide support to Government Focal Point.	Formal structure exist and SUN Government focal point is appointed but not convened regularly	All companies implemented nutrition programme under Company-Community Partnership in Health for Indonesia (CCPHI)
<i>Suggestions made for improvements?</i>	Should be develop provincial/district regulation for the implementation		Appoint UN focal person at head of agency level. Develop joint UN workplan		
2. Coordinate internally and broaden membership/engage with other actors for broader influence	1	2	2	1	2
<i>Explanations: What activities/interventions</i>	It felt there are still weak coordination among	internal coordination to be optimize in	Four UN agencies are currently members of	there is no link between working group	There is limited connection between

<i>underly this scoring?</i> (Copy post-its written during workshop)	stakeholders at national as well as local level.	particular between government and private sectors	UN Country Network on Nutrition, however, reaching out to other UN agencies through the UN Country Team. Regular contact exists between members of the UN Country Network on Nutrition. Nutrition is integrated into the UNPDF. There is a plan to develop a Common Narrative on Nutrition to facilitate harmonized MSP participation.		company, association, and government sectors
<i>Suggestions made for improvements?</i>	Allocated budget to be supported by Bappenas for coordination at sub national level	To increase advocacy and campaign	Engagement of additional UN agencies and the WB in the UN Country Network on Nutrition		
3. Engage within / contribute to MSP	2	1	2	2	2
<i>Explanations: What activities/interventions underly this scoring?</i> (Copy post-its written during workshop)	There is engagement of each network within/contribute to MSP but evidence of impact to be better proven	Participation of line ministries is not optimal yet	UN agencies regularly participate and provide technical support when invited to MSP meetings,.	Forum to facilitate coordination of the scaling up nutrition movement such as <i>Gerakan Kesehatan Ibu dan anak (Mother and Child Health Movement)</i>	Working group multi sector

				which already contribute to nutrition improvement programme	
<i>Suggestions made for improvements?</i>			Ensure all relevant UN agencies participate		
4. Track and report on own contribution to MSP	1	1	0	1	1
<i>Explanations: What activities/interventions underly this scoring? (Copy post-its written during workshop)</i>	There has been some accountability process but the involvement of other process is not clear yet.	MSP involvement just started	No agreed process at present to track and report on UN Network contribution to the MSP.		Report by own company not yet link to MSP
<i>Suggestions made for improvements?</i>			Need an agreed process to track and report on UN Network Contribution to the MSP	Outcome report has to be shared in the coordinating platform at the national as well as local level	
5. Sustain Impact of the MSP	2	2	2	1	2
<i>Explanations: What activities/interventions underly this scoring? (Copy post-its written during workshop)</i>	Documented in Natioanal Medium Term Development Plan 2010-2014	Role of stakeholders have been accomodated in the Natioanal Medium Term Development Plan 2010-2014	UNPDF was developed before Indonesia joined the SUN Movement, however, nutrition is integrated into the UNPDF	Upcoming endurance test ?	Scale Up work group and activity with MSP
<i>Suggestions made for improvements?</i>			SUN commitment to be reflected in next UNPDF (2016-2020)		

Process 2: Coherent policy and legal framework

Score each step: 0 (not applicable); 1 (started); 2 (on-going); 3 (nearly completed); 4 (completed)

STEP	FINAL PLATFORM SCORE (Morning Session)	Score for Government	Score for UN and Donor network	Score for CSO network	Score for Business network
1. Analyse existing nutrition-relevant policies and programmes	3	3	3	3	3
<i>Explanations: What activities/interventions underly this scoring? (Copy post-its written during workshop)</i>	There are Health Sector Review; Benchmark for post MDGs work group to involve government, NGOs, academia, professionals, and business	Routine data, regular survey (Basic Health Survey), IDHS	UN supported the development of a Background Study on Nutrition, which examined current policies, strategies and plans on nutrition in order to inform the integration of nutrition into the upcoming 5 year Medium Term Development Plan. UN technical team members continue to share relevant UN/global polices and statements with relevant government		In line with the existing policy

			agencies and other partners.		
<i>Suggestions made for improvements?</i>	Businesses are expected to have nutrition indicator related to their CSR				Suggest to involve private sectors since the planning step
2. Mainstream nutrition in own policies and strategies	2	3	3	2	2
<i>Explanations: What activities/interventions underly this scoring? (Copy post-its written during workshop)</i>	National Medium Term Development Plan 2015-2019 accomodated nutrition policy/program as cross sectors issue not only health but also education, family planning, gender, WASH, etc. Public Health Obligatory Functions Standard has been regulated to accomodate all indicator include stunting	Follows the Global SUN Policy, National Medium Term Development Plan, Nutrition in the mainstream of development	UNDAF reflects nutrition as a priority. UN representatives sensitized on SUN through the UN Country Team meetings.	Mainstream of nutrition program start and based on evidence in Basic Health Survey 2007 and landscape analysis of nutrition 2010	Changing of policy
<i>Suggestions made for improvements?</i>			More can be done to ensure that additional UN agencies (beyond FAO, WFP, WHO and UNICEF) prioritize nutrition in country strategies.		
3. Coordinate / harmonise member	2	2	2	2	2

inputs in policy / legal framework development					
<i>Explanations: What activities/interventions underly this scoring? (Copy post-its written during workshop)</i>	The coordination exist in the document if policy framework	Coordination is on going	Some coordination between UN agencies for inputs to policies and regulations	Learning and achievements of nutrition sensitive actors be invited to be shared in the (larger) MSP of nutrition.	Industry is already involved
<i>Suggestions made for improvements?</i>			Enhance coordination between UN agencies for inputs to policies and regulations		To encourage expanded involvement of private sectors in non-food/supplement producer
4. Influence policy/legal framework development through advocacy/contribution	2	2	3	2	2
<i>Explanations: What activities/interventions underly this scoring? (Copy post-its written during workshop)</i>	Advocacy at some of the district level have been conducted since 2013;	Advocacy and communication conducted in scattered area	UN agencies draw on UN/global policy and legal frameworks to provide technical assistance to strengthen frameworks in Indonesia. UN also share evidence and experiences from other countries.	Learning and achievements of nutrition sensitive actors be invited to be shared in the (larger) MSP of nutrition	
<i>Suggestions made for improvements?</i>	Improvement of effectiveness and intensity of advocacy at the local	Intensification of advocacy and communication to reach	Enhance coordination among UN agencies to		

	level in particular for the provider at grass root level	more stakeholders and actors	cover all sectors adequately		
5. Disseminate policy and operationalize / Enforce legal framework	2	2	3	2	2
<i>Explanations: What activities/interventions underly this scoring? (Copy post-its written during workshop)</i>	Dissemination of policy through health promotion and private sectors advertisement through mass media and website on Indonesia SUN Movement available at Bappenas	Dissemination policy is conducted but not optimal yet	UN supports government to disseminate and operationalize policy/regulatory frameworks	Learning and achievements of nutrition sensitive actors be invited to be shared in the (larger) MSP of nutrition	
<i>Suggestions made for improvements?</i>			Funding limitations can limit UN's capacity to financially support dissemination.		
6. Track and report results for steering and learning / Sustain policy impact	2	2	2	2	2
<i>Explanations: What activities/interventions underly this scoring? (Copy post-its written during workshop)</i>	Indonesia has participated in some multicountries studies (SMILING, SEANUT) and international publication.	Evaluation of the implementation of Provincial Plan of Action for Food and Nutrition	UN provides technical support to track implementation of policy/legal frameworks, e.g. For food fortification and monitoring of BMS code.	Learning and achievements of nutrition sensitive actors be invited to be shared in the (larger) MSP of nutrition	Not well-informed.

<p><i>Suggestions made for improvements?</i></p>	<p>the scale and scope of publication need to be expanded.</p>		<p>Further support from the UN is needed to strengthen the regulator and monitoring mechanisms in Indonesia.</p>		<p>Capacity building to more companies</p>
--	--	--	--	--	--

Process 3: Common Results Framework for National Nutrition Plan (aligned programming)

Score each step: 0 (not applicable); 1 (started); 2 (on-going); 3 (nearly completed); 4 (completed)

STEP	FINAL PLATFORM SCORE (Morning Session)	Score for Government	Score for UN and Donor network	Score for CSO network	Score for Business network
1. Align own programmes to national nutrition-relevant policies	3	3	2	3	3
<i>Explanations: What activities/interventions underly this scoring? (Copy post-its written during workshop)</i>	Aligned own programmes to national nutrition-relevant policies in National/Provincial/District Plan of Action on Food and Nutrition which the outcome were stunting and calory consumption	Aligned at national level, to be harmonize at local level	UNPDF is aligned with current RPJMN but was developed before the advent of the SUN Movement in Indonesia.	Evidence based program planning, involve multisectors	in-line with national nutritiol relevant policy but never completed
<i>Suggestions made for improvements?</i>	To insert sensitive indicator to the existing National/Provincial/District Plan of Action on Food and Nutrition		Ensure the next UNPDF (2016-20) reflects the government's current polices, plans and strategies for nutrition in all sectors.		Suggest a sustain coordination among multi sectors
2. Translate policy / legal framework in Common Results Framework (CRF) for SUN	2	2	2	2	2

<i>Explanations: What activities/interventions underly this scoring? (Copy post-its written during workshop)</i>	Policy framework to be disseminated intensively to stakeholders.	has been implemented, need communication through non government network	The UN shares knowledge on international standards and experiences, and provides technical subject matter expertise.		Government already backing up private sectors
<i>Suggestions made for improvements?</i>	suggested for reward and punishment for the local government in implementation of CRF		The UN (or others) should provide international experience/expertise in costing for the CRF.	Improve communication through media up to district level and sub district	Assistance from government to communicate programme which has been launch
3. Organise implementation of CRF	2	2	2	2	1
<i>Explanations: What activities/interventions underly this scoring? (Copy post-its written during workshop)</i>	Implementation of CRF has been organise in some provinces not yet cover all provinces and districts	Law enforcement to the local government based on the achievement	The UN periodically supports the government to conduct capacity assessments, and shares lessons learned from other countries		Started by private sectors who implement specific intervention
<i>Suggestions made for improvements?</i>	Include SUN Indicator in for Monitoring of the development achievement Provide Technical Assistance to province and district from the working group at the national level				need support from government
4. Manage implementation of CRF	2	2	2	2	1

<i>Explanations: What activities/interventions underly this scoring? (Copy post-its written during workshop)</i>	Implementation of CRF has been organise in some provinces not yet cover all provinces and districts	Communication and advocacy had been done but the implementation has not reach all district	The UN supports the modelling or piloting of new approaches to improve the implementation of nutrition strategies at subnational level, particularly nutrition-specific interventions.		involvement of private sectors to be intensified to contribute in the implementation
<i>Suggestions made for improvements?</i>	To follow up the implementation to be covered in all provinces in collaboration with CSO and private sectors	Collaboration with private sectors	Further joint UN support could be provided to support goverment in improving the implementation of nutrtrion-sensive approaches.		Expected guidance and direct assisstance to private sector
5. Track and report implementation results for steering and learning/evaluate to sustain impact	1	2	3	2	1
<i>Explanations: What activities/interventions underly this scoring? (Copy post-its written during workshop)</i>		On going	The UN monitors and evaluates own programmes in order to provide evidence (e.g. Best practices) that can be used to strengthen policies and inform scale-up.		

<i>Suggestions made for improvements?</i>	Guidance on Reporting the implementation result should be clear, who doing what and 2 ways mechanism of reporting and its feedback	Guidance on Reporting the implementation result should be clear, who doing what and 2 ways mechanism of reporting and its feedback			Government to provide resources and coordinate private sectors. Need to develop special forum to accomodate those private sectors.
---	--	--	--	--	---

Process 4: Financial tracking and resource mobilisation

Score each step: 0 (not applicable); 1 (started); 2 (on-going); 3 (nearly completed); 4 (completed)

STEP	FINAL PLATFORM SCORE (Morning Session)	Score for Government	Score for UN and Donor network	Score for CSO network	Score for Business network
1. Assess financial feasibility	2	2	1	1	0
<i>Explanations: What activities/interventions underly this scoring? (Copy post-its written during workshop)</i>	Some local government have allocated finance and mobilize resources from private sector	Assess financial feasibility is already exist but need focus on the effective and targeted	The UN is able to create overview of own spending on nutrition - related programmes/actions	Started	Assess financial feasibility is already exist for individual company however not to be coordinated yet in network
<i>Suggestions made for improvements?</i>	Spending budget to be efficiently targeted to activity which have nutrition impact. Mapping budgeting and spending.		The UN does not currently share information on own spending on nutrition		

	Research on cost effective intervention				
2. Track and (transparently) accounting of spending	1	2	1	1	0
<i>Explanations: What activities/interventions underly this scoring? (Copy post-its written during workshop)</i>		on going.	The UN is able to track own spending trends on nutrition -related programmes/actions	there is strong enough tracking the spending for NGO but lack of transparency and very confidential	The business (as individual company) is able to track own spending on nutrition-related program but not as a network
<i>Suggestions made for improvements?</i>	Prioritise nutrition programme. Evidence based planning. Checking for overlapping and harmonise the budget.	Transparancy, synergy among stakehlders need to be improved	The UN does not currently share information on own spending trends and gaps on nutrition		
3. Scale up and align resources (incl. filling the gaps)	1	2	2	2	0
<i>Explanations: What activities/interventions underly this scoring? (Copy post-its written during workshop)</i>		Scale up and align resources are underway, but the implementation and institution are need to be strengthened	The UN assesses additional funding needs, and is taking steps to mobilize funds. The UN recognises teh gaps and opportunities for increased synergy among UN agencies in the network	local buget is available but late disbursement	Scale up and align resources are underway for every company, not as a network
<i>Suggestions made for improvements?</i>	Prioritise nutrition programme. Evidence based planning.		There is scope to improve the synergy among UN agencies in		

	Checking for overlapping and harmonise the budget.		working together to improve nutrition.		
4. Honour commitments (turn pledges into disbursements)	2	2	3	2	0
<i>Explanations: What activities/interventions underly this scoring? (Copy post-its written during workshop)</i>	Commitment of the district government to implement plan of action for food and nutrition	Committed.	The UN agencies generally carefully determine the financial resources it has available to support government and disburses these funds according to the agreed schedule with government/partners	local buget is available but late disbursement	Buget is available and committed as individual company.
<i>Suggestions made for improvements?</i>	Commitment to be sustain in the next development plan	The commitment to be shared up to district and sub-district level			
5. Ensure predictability / sustain impact / multi-year funding	1	2	2	1	0
<i>Explanations: What activities/interventions underly this scoring? (Copy post-its written during workshop)</i>	even though has been accomodated in the National Medium Term Development Plan 2015-2019, multi year funding still to be secured in the annual development plan	Committed.	Some UN agencies have multi-year funding frameworks. It is becoming increasingly difficult to mobilize donor support in Indonesia due to middle income status, which makes it challenging to		multi-year funding is exist in some companies (not as network)

			put multi-year funding frameworks in place.		
<i>Suggestions made for improvements?</i>	Budget has to be guided and transparent planed with directed by evidence on the cost effective and direct/indirect involvement	The budget for nutrition to be monitor, not to be reallocated.			

Note: The coordinator and the secretary of the Business network did not attend the workshop.
