Financing tracking and resource mobilisation

The nutrition-specific component of the National Plan of Action for Food and Nutrition (NPAFN) has been costed. Programmatic costing for nutrition exists within the Livelihoods and Food Security Trust Fund and the Three Millennium Development Goal Fund. Public expenditure reporting systems exist within the Government, although a systematic tracking nutrition budgets and expenditures beyond allocations to the National Nutrition Centre is needed. Domestic funding for nutrition-specific sectors has been increasing over the past years. External funding is aiming to fill domestic funding gaps.

Ensuring a coherent policy and legal framework

The National Plan of Action for Food and Nutrition (NPAFN), which is currently being revised, will serve as a Ministerial guide for strategies and action plans aiming to mainstream nutrition into sectoral policies. The National Action Plan for Poverty Alleviation and Rural Development through Agriculture is currently being reviewed with the aim of increasing its focus on nutrition. The development of the Myanmar National Action Plan for Food and Nutrition Security (MNAPFNS), currently at a draft stage, can be seen as a strategy for strengthening the agricultural sector, food and energy security, and nutritious food production.

Aligning actions around a common results framework

The development of the draft of the Myanmar National Action Plan for Food and Nutrition Security (MNAPFNS) – a response to the Zero Hunger Challenge – has included analysing multi-sectoral policies related to food and nutrition. Medium and long-term implementation objectives have been established by way of multi-stakeholder consultations. Different agencies’ approaches are aligned with relevant national strategies and information systems have been put in place in sectoral ministries and in stakeholders’ programmes.
