Financing tracking and resource mobilisation

The Government’s National Long Term Development Plan (RPJPN) 2005-2025 and RPJMN 2015-2019 ensure resource mobilisation for nutrition. The Ministry of Finance has committed to increase budget allocation for nutrition improvement including stunting reduction programmes through performance-based incentives. The Ministry of Health has increased their budget allocation for nutrition-specific programmes, from USD 87.6 million (IDR 1.17 trillion) in 2016 to 89.8 million (IDR 1.2 trillion) in 2017. The budget allocation for and commitment to ensure food safety in rural areas has also increased from IDR 6.7 billion (100 villages) to IDR 7.4 billion (2,100 villages).

Ensuring a coherent policy and legal framework

Ministries of Agriculture and National Development Planning are currently drafting a Presidential Decree on strategic policy for food and nutrition, as a regulation to operationalise the 2015-2019 National Action Plan on Food and Nutrition (RAN-PG). The Government’s National Annual Work Plan (RKP) 2017 highlights the acceleration of nutrition goals as one of the national priorities. In November 2016, the Minister of Health issued Regulation No. 58 of 2016 on Sponsorship for Healthcare Professionals by pharmaceutical or healthcare companies to prevent conflict of interest, improve transparency and render non-partial health services.

Aligning actions around a common results framework

The National Medium Term Development Plan (RPJMN) 2015-2019 and the RKP are further translated to the Sub-National Medium Term Development Plan (RPJMD) and Sub-National Annual Work Plan (RKPD) by the local governments in provinces and districts. In March 2017, the Ministry of National Development Planning (Bappenas) launched the 2017-2019 Roadmap for the SUN Movement Secretariat of Indonesia with a detailed annual workplan for 2017-2019 that includes a social monitoring mechanism by civil society organisations. In 2017, the Government conducted a midterm review of the RPJMN 2015-2019 to evaluate the achievement of the plan’s targets. Furthermore, the monitoring and evaluation of RAN-PG, is conducted annually as part of joint monitoring.

2017–2018 PRIORITIES

- Undertake advocacy, campaigns, and behaviour change communication for all stakeholders on nutrition improvement, with a focus on stunting reduction;
- Strengthen multi-sectoral coordination through integrated nutrition interventions;
- Develop evidence-based nutrition-specific and sensitive interventions;
- Develop a knowledge platform on nutrition.
