<p>Despite political and institutional instability, the integration of key players – including academics, the private sector and the media – into multi-actor platforms is underway. Coordinated activities are run at the local and regional level.</p> <p>Platform actors are involved in implementing the multi-sectoral strategic plan for nutrition.</p> <p>The platform has not yet produced a monitoring report, although each institution produces its own reports internally.</p> <p>The country has already set 18 November as a national day for nutrition, which is celebrated with free nationwide consultations each year.</p>	<p>Nutrition policies and laws exist, notably: the National Nutrition Policy; the School Canteens Act; laws on fortification/ consumption of iodized salt and fortification standards for flours and oils. The breastmilk substitutes bill is being validated.</p> <p>The law and policy on maternity and parental/ paternity leave and the international marketing code are being revised.</p> <p>The National Council on Food and Nutritional Security has been approved by the cabinet but is awaiting promulgation by the President.</p> <p>Plans on agricultural investment and food and nutritional security are being finalized.</p>	<p>There is a hunger and zero poverty strategy in place, which includes a study on the cost of hunger. These documents are useful for joint advocacy.</p> <p>Stakeholders' actions are closely aligned with nutrition policies and the strategic plan for nutrition.</p>

- ### 2019-2020 PRIORITIES
- Mobilization of strategic resources for implementing the multi-sectoral nutrition plan;
 - Creation of a joint monitoring and evaluation plan for SUN platform multi-sectoral activities at the national level;
 - Ensuring technical and financial support for conducting surveys on emergency situations involving food and nutritional security;
 - Development of social behavior change communications strategies.
