INSTITUTIONAL TRANSFORMATIONS 2018–2019

The Kenya Nutrition Action Plan is costed and is being used to guide resource mobilization and planning. All nutrition related actions at the national and county level are costed and a range of costing models are available.

The Civil Society Alliance developed a budget analysis tool and a finance tracking tool for nutrition-sensitive and nutrition-specific interventions. However, tracking budget expenditure remains a challenge at sub-national level.

While the donor landscape is changing, the UN Network has ensured that needs and gaps are identified and resource mobilisation has continued.
