Bringing people together into a shared space for action
Ensuring a coherent policy and legal framework
Aligning actions around common results
Financing tracking and resource mobilisation

INSTITUTIONAL TRANSFORMATIONS 2018–2019

There is strong political commitment from the Office of the Prime Minister and key ministries to improve nutrition.

The Somaliland sub-national focal point was appointed enabling stronger coordination.

Engagement with Civil Society Networks, Academia, Business and donors continues to grow.

The national and sub-national nutrition cluster meets regularly. Nutrition is also a discussion point for the health cluster and donor group.

The Somalia Multisectoral Nutrition Strategy has been endorsed and costing of the strategy is under way.

The implementation of the National Development Plan (NDP) is ongoing, and the Minister of Health is setting milestones for the nutrition section.

A dedicated roadmap for social human development is in place and includes nutrition indicators and SUN milestones for 2018-20.

Food safety regulations do not yet exist. Laws on maternal protection, paternal and paternity leave exist but are not enforced.

The Humanitarian Response Plan remains the key fundraising strategy for nutrition and is where pledges are disbursed and tracked.

A Government Public Financial Management system (PMF) is now in place and is tracking government contributions.

There has been an increase in funding resilience and development activities. However, these are still lower than humanitarian short-term funding and insufficient to meet the country’s nutrition needs.

2019 TOTAL WEIGHTED

2019–2020 PRIORITIES

- Review, develop, harmonize and operationalize the relevant policies and strategies for improved nutrition;
- Establish a Centre of Excellence for nutrition;
- Enhance coordination of nutrition advocacy;
- Integrate nutrition into curriculum of primary and higher education;
- Engage parliamentarians for legislative advocacy;
- Develop national nutrition investment cases.
