2019 69%	2019 38%	2019 25%	2019 19%
<b>2019 TOTAL WEIGHTED</b>			<b>38%</b>

The South Sudan Multi-Stakeholder Platform is growing ensuring that nutrition is receiving the attention of line Ministries, with promising commitment to mobilize domestic resources for nutrition.

The Academia and Parliament Networks are now established, enabling coordination and sharing of experiences and lessons learned at national level.

The SUN Steering Committee continues to provide technical advice, and the UN and Civil Society Alliance networks maintain a strong role.

Existing clusters (Nutrition, WASH, Health and FSL) have supported advocacy, mobilization and coordination.

The Community Management of Acute Malnutrition and Maternal and Infant and Young Child Nutrition guidelines and strategies were rolled out.

The National Health Policy (2016-25) includes improved nutrition and health services.

Monitoring of progress under the Comprehensive Africa Agriculture Development Programme (CAADP) is ongoing.

The SUN Steering Committee continued advocating for the development of a costed strategy, legal frameworks and food and nutrition policy documents.

The road map for Multisectoral Nutrition Costed Strategy (MNCS) has been drafted.

The Common Results Framework is yet to be developed. However, nutrition actions are integrated in the Health and Nutrition Package of the Ministry of Health, through an annual nutrition workplan.

Humanitarian nutrition interventions are included in the Humanitarian Response Plan, and nutrition outcomes are tracked through the Nutrition Information System managed by the Nutrition Cluster, UNICEF and World Food Programme.

The Government is finalising the District Health Information Software, to collect and measure health and nutrition data.

Lifesaving nutrition actions, particularly the management of acute malnutrition remains a priority due to the protracted emergency context and limited funding.

The humanitarian cluster currently leads prioritization and donor engagement however, the SUN Steering Committee continues to advocate for more resources, including domestic resources.

A multi-year nutrition costed strategy is yet to be developed. Tracking of donors' contributions for nutrition is done by the Nutrition Cluster. The Government has limited resources to establish financial tracking of the national nutrition budget.

- ### 2019-2020 PRIORITIES
- Develop a Multi-Sectoral Nutrition Costed strategic plan and finalize the Nutrition Policy;
  - Appoint a SUN Business and SUN Donor Network Convenor;
  - Scale-up nutrition sensitive interventions and improve quality and diversity of nutrition-specific activities;
  - Strengthen national Multi Stakeholder Platform and establish a sub-national platform;
  - Improved advocacy to increase funding.
