| <p>Assistance was provided to the Zero Hunger Programme to develop an action plan which includes nutrition-sensitive interventions and involves MARD focal points.</p> <p>Technical assistance and advocacy support, provided by SUN Networks, Government and the UN, led to the establishment of a SUN Civil Society Alliance.</p> <p>Efforts are being made to increasingly involve the agricultural sector in the SUN national platform.</p> | <p>The SUN national platform is preparing for the 10-year review of the Plan of Action and Strategy which ends in 2020. Evaluations of the action and strategy are underway.</p> <p>Progress is being made to track and report the impact and outcomes of nutrition-related policy and legislation.</p> | <p>There have been no significant developments, since last years joint annual assessment.</p> | <p>A basic nutrition intervention package is currently being developed. Alongside this, financing mechanisms are being identified to source additional funding required for nutrition interventions.</p> <p>Challenges exist in tracking investments in nutrition due to a lack of coordination at central level.</p> <p>These challenges are also reflected at subnational level where there is no adequate monitoring system to effectively track the decentralized health budget.</p> |

## 2019-2020 PRIORITIES

- Evaluation of nutrition progress over the last 10 years through the General Nutrition Survey;
- Review of policy and programme implementation toward NNS review;
- Tracking and resource mobilization for scaling up of nutrition interventions;
- Ensuring that the implementation of nutrition-related legal framework continues;
- Establishment of a SUN Business Network;
- Advocacy to increase government commitment for nutrition.
