YOU ARE INVITED!

Webinar on nutrition coordination and planning toolkits

27 OCTOBER 2021 • 14:30-16:00 (CENTRAL EUROPE)

This work is supported by Nutrition International’s NTEAM, TASC and PATH under the TAN project, funded with UK aid from the UK government.
Meeting objectives and Agenda

Objective
- Popularise both toolkits among priority users
- Help target users navigate the toolkits
- Encourage participants to further promote both toolkits

Agenda
- Welcome
- Overview of both toolkits:
  - Multi-sectoral planning for nutrition
  - Designing multi-stakeholder platforms for nutrition
- Q & A

Please use the chat box!
- Introduce yourself
- Write your questions
Welcome to the Scaling up Nutrition toolkit on Multi Stakeholder Platforms (MSP) for Nutrition. This toolkit was created to guide users through the process of creating or improving in country MSPs for Nutrition. It features a set of pathways which can be used to guide you through the content and useful tools to assist you in each step of the process. You can choose to follow these pathways or browse the topics if you are looking for help in a particular area.

How do I?...

- How do I set up an MSP - where to start?
- How do I set the objectives of an MSP?
- How do I organise my MSP?
- How do I engage my multi-stakeholders?
- How do I make the MSP more effective?
Overview

• Responds to need for TA on managing intersectoral coordination
  • Development led by Institute of Development Studies, UK

• Uses multiple sources of existing materials, including:
  • The MSP Guide from Wageningen University
  • FANTA’s multi-sectoral nutrition toolkit for Uganda

• Guides process of creating or improving an MSP for Nutrition
  • 30 issue guides: definitions, explanations, practical tools and guides
  • 5 country case studies of countries

• Currently only in English, but translation into French possible
